St. Clair County Community College

Industry Certification

College credit may be given for earned industry certifications (see list below).

Student must provide proof of completion to receive credit. Testing and/or a personal meeting may be required. For questions call the Business and Information Technologies division at (810) 989-5575. If other certifications have been earned, contact division for articulation review.

Please check with an advisor for complete details on industry certifications and equivalent Computer Information Systems courses.
